1. On the diagram below, outline all white markings of the horse.
2. Complete the diagrams with the horse in front of you. Do not trust to memory or hearsay.
3. Include any scars or brands the horse may have that may be helpful in identifying the horse.
4. Clear photographs of the markings may help to speed processing, especially for horses that have unusual markings or high leg markings.
5. Mark the location of the forehead cowlick(s) (hair whorl) with an X. Indicate accurately if to the right/left or above/below the guidelines.

(Indicate all spots within white)
